

Supporting industry by promoting innovation through the creation of new ideas and technologies

61 Academic Leads
500 Researchers*
8 Clinicians **6** Universities

€37.1m funded by SFI

€12.5m
Industry

€57.4m
Leveraged

€107m committed to 2020

28 Industry Partners
10 MNCs
18 SMEs

1st in Human
Clinical Trial
successfully
completed

Creating solutions for application in:

RESPIRATORY

asthma
emphysema
lung inflammation

NEURAL

peripheral nerve
spinal cord injury
neurodegenerative diseases
pain and stroke

CARDIOVASCULAR

myocardial infarction
critical limb ischemia
syncope

MUSCULOSKELETAL

osteoarthritis
bone fractures
cartilage and disc degeneration
tendon injury

RENAL & UROLOGY

acute and chronic kidney
disease
diabetic nephropathy
interstitial cystitis

SOFT TISSUE

abdominal wall defects
hernia
chronic skin wound healing
corneal disease
skin ulceration
diabetes

*CÚRAM Funded and Affiliated

Developing Solutions

CÚRAM's research programme focuses on innovative device design, assessment and manufacture that is driven by specialist researchers, clinicians and industry partners. Our goal is to radically improve quality of life for patients with chronic diseases. CÚRAM works closely with community partners to raise awareness of its work and to engage the next generation of engineers and scientists.

Research Expertise

- Biomaterials
- Drug Delivery
- Tissue Engineering
- Regenerative Medicine
- Device Design
- Glycoscience

Core Technologies

- Nano and Micro Scale Materials
- Biofunctionalisation
- Bioprocessing
- Device Function
- Diagnostics
- GMP Manufacturing
- Clinical Trials

741 Journal Publications*

160 International Academic Collaborations

EDUCATION & CAREER DEVELOPMENT

Training scientific leaders of the future in Commercialization, Research Integrity, Excellent Science, Innovation & Translation

20 Community Partnerships to date

RESIDENCIES

5 Artists in Residence, engaging over **16,500** members of the public

20 Schools involved in Teachers in Residence programme

Filmmakers in Residence over **500,000** viewers

3 documentary crews **30** CÚRAM researchers

70 Community screenings **2** International awards

PUBLIC EVENTS

200,000+ people engaged in public events

Our Success at Horizon 2020

42 H2020 projects involving CÚRAM funded investigators

68 international industry partners including **20** Irish industry partners

€27m funding awarded directly to CÚRAM funded investigators

€19.2m funding awarded directly to industry

€5.6m funding awarded directly to Irish industry
