

Supporting industry by promoting innovation through the creation of new ideas and technologies

68 Academic Leads
667 Researchers*
10 Clinicians
10 Partner Institutes

€37.1m funded by SFI

€12.5m
Industry

€71.4m
Leveraged

€121m committed to 2020

30 Industry Partners
11 MNCs
19 SMEs

1st in Human Clinical Trial Completed
Leading **12** others

Creating solutions for application in:

RESPIRATORY

asthma
emphysema
lung inflammation

NEURAL

peripheral nerve
spinal cord injury
neurodegenerative diseases
pain and stroke

CARDIOVASCULAR

myocardial infarction
critical limb ischemia
syncope

MUSCULOSKELETAL

osteoarthritis
bone fractures
cartilage and disc degeneration
tendon injury

RENAL & UROLOGY

acute and chronic kidney disease
diabetic nephropathy
interstitial cystitis

SOFT TISSUE

abdominal wall defects
hernia
chronic skin wound healing
corneal disease
skin ulceration
diabetes

*CÚRAM Funded and Affiliated

Developing Solutions

CÚRAM's research programme focuses on innovative device design, assessment and manufacture that is driven by specialist researchers, clinicians and industry partners. Our goal is to radically improve quality of life for patients with chronic diseases. CÚRAM works closely with community partners to raise awareness of its work and to engage the next generation of engineers and scientists.

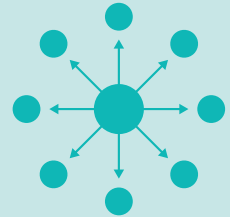

Research Expertise

- Biomaterials
- Drug Delivery
- Tissue Engineering
- Regenerative Medicine
- Device Design
- Glycoscience

Core Technologies

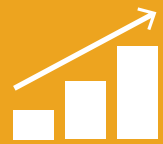

- Nano and Micro Scale Materials
- Biofunctionalisation
- Bioprocessing
- Device Function
- Diagnostics
- GMP Manufacturing
- Clinical Trials

1060 Journal Publications*
255 International Academic Collaborations

EDUCATION & CAREER DEVELOPMENT
 Training scientific leaders of the future in Commercialization, Research Integrity, Excellent Science, Innovation & Translation

20 Community Partnerships to date

RESIDENCIES

6 Artists in Residence, engaging over **140,000** members of the public

200 Schools directly engaged through the Teachers in Residence programme

Filmmakers in Residence over **500,000** viewers

4 documentary crews **36** CÚRAM researchers

80 Community screenings **3** International awards

PUBLIC EVENTS

200,000+ people engaged in public events

Our Success in EU Funded Projects

51 EU projects involving CÚRAM funded investigators

127 international industry partners including **24** Irish industry partners

€23.8m funding awarded directly to CÚRAM funded investigators

€32.5m funding awarded directly to industry

€5.8m funding awarded directly to Irish industry
